Judge Lipman,

I informed myself on the Parsons case. I do believe they're innocent of the crimes they get accused of as I critically questioned the side which is against the Parsons. I believe her to be a God fearing Christian lady who loves her husband and would not do anything harmful to anyone. I would ask that you consider leniency during the sentencing of Mrs. Parsons. I watch the Videos uploaded by Mr. Davis who runs the prison ministry. That's how I learned about the Parsons. I know that Mrs. Parsons plead guilty because she got threatend. The people who threatend wanted to kill her animals. That's the reason. Her life has already been turned upside down and I ask that you show mercy during the sentencing of Mrs. Pat Parsons.
